**About BC Cancer Foundation**

The BC Cancer Foundation is the bridge that connects philanthropic support and research breakthroughs in cancer knowledge. As the fundraising partner of the BC Cancer Agency and the largest charitable funder of cancer research in this province, we enable donors to make contributions to leading-edge research that has a direct impact on improvements to cancer care for patients in British Columbia. We fund with the goal of finding solutions.

As an independent charitable organization, we raise funds exclusively for the BC Cancer Agency that support innovative cancer research and compassionate enhancements to patient care.

Visit [www.bccancerfoundation.com](http://www.bccancerfoundation.com) to make a donation or to learn how you can make a difference in the lives of those affected by cancer.
